

“Razia”

20 years old Razia lives with her parents at Abbas Nagar, Gujranwala with her 8 other family members. Due to her family circumstances she was not able to continue her studies after Middle. She has been working since 5 years. She stitches football along with her mother and two sisters. She earns Rs. 15-25 per piece and can hardly stitch 3 footballs a day. She gets orders from middle man which is not a regular job.

While discussing her special problems and difficulties she said that she is fully depend-

ent to her parents and has no access to the market as she is not allowed for that.

Razia is not attached with any organization or group. However she wants to be attached with a local CBO she knows about it. But she does not know as to how she can become a member of this organization. She does not know much about social welfare and social security schemes. The major issues and needs of this workers included getting more order work, better health facilities near her residence, opportunity to participate in the fair and exhibitions to introduce her skills and earn more for her family.
